Kindermusik Laugh & Learn: for preschoolers (3-5 years)

Each week in class we combine your preschooler's natural love of music, storytelling, and imaginative play with age-appropriate activities that introduce early music concepts and foster independence, social and emotional skills, language development and self-control. With themes such as Out and About, Around the Farm and On the Go, we will keep your pre-schooler on their toes learning to love the world around them and the music in it. Kindermusik Laugh & Learn is for preschoolers (3-5 years). Each class is 45-minutes – caregivers attend the last 15 minutes.

What your child will experience in Class:

Pretend Play — Pretend play activities along with music, vocal development, storytelling, listening, movement, and literacy are a big part of each class. When based upon a child's real life experiences, pretend play helps develop language, sensory, motor, and cognitive skills.

Musical Variety and Singing — Activities include a mixture of musical genres and styles and provide a setting for children to explore their many voices and to use a "singing voice." Singing helps with memory and recall, physical development, creativity and socialization.

Parent Involvement — Preschoolers are learning to be self-sufficient in a group setting of peers, while many times still needing the emotional security provided by a parent. Kindermusik Laugh & Learn is the best of both worlds! Caregivers and any siblings participate in the last 10-15 minutes of class. Plus the At Home Materials ensure the learning continues at home with each child's best teacher—the parent.
