

Kindermusik Level 5: Kindermusik for the Young Child: Semester 1 Semester 1 (Term 3 & 4): 17th July - 13th November 2019

Young Child is a 4-semester sequential program for children 5-7 years, completed over 2 years. Semester 1, the first semester in this progressive group musicianship class, is a 15 week semester completed over 2 school terms. Parents and siblings join in for the last 10-15 minutes.

Young Child provides a group approach to music education. Children will build critical vocal skills and develop a working knowledge of rhythm, notation and musical symbols through singing, listening, games and echoing activities. In this small, movement-oriented class, your child will develop their greatest instrument - the voice - while they learn the symbols and vocabulary of music making. They will also commence learning a keyboard instrument—the glockenspiel—which will be used throughout all 4 Young Child semesters. *Young Child* provides a pressure-free developmentally appropriate transition where children can musically succeed before taking on specific instrumental or vocal instruction. *Young Child* classes support the development of skills across all learning domains – cognitive, physical, social, emotional, language & Literacy – skills that will create a greater capacity for learning and a lifelong love of music.
